## Product Overview

Hydrogen aspirator developed by Yasutane Takafuji, a leader in the hydrogen for health and beauty movement.

Implemented at Freedom's nationwide Health Support Centers, this hydrogen gas aspirator was developed by Yasutane Takafuji, a leader in the hydrogen for health and beauty movement. Day-to-day stress, as well as factors such as alcohol and smoking, gradually deplete the power of hydrogen stored in your body. ENEL-02 replenishes depleted hydrogen throughout the body from within. Beauty benefits include controlling swelling while improving moisture retention, skin tone and brightness, and providing a boost of youthful energy for a healthy glow every day. Health benefits include relief from migraine headaches, stubborn stiff shoulders and fatigue while providing an all-round boost to daily energy levels. As it supports both beauty and health, ENEL-02 has a large target customer base.

## Recommended for corporate customers who...

- Are considering operation of hydrogen gas therapy salons.
- Would like to install hydrogen aspirators at their offices for health and wellness of employees.
- Would like hydrogen aspirators for personal use.

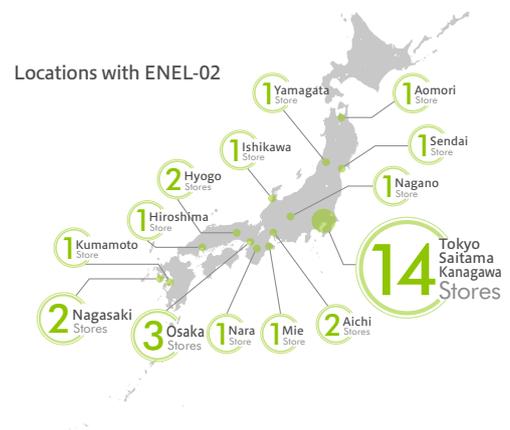

## How to use

Illustration of ENEL-02 Usage

- Add mineral water to the water tank.
- ※ Please do not use tap water, as it can cause clogging.
- Turn on the power, and in about 10 minutes, hydrogen gas will be ready to breathe through the cannula.
- Close your mouth and slowly inhale through the nose.
- Please continue inhalation sessions for at least one hour.
